

# Ector JH/HS Booster Club

## Sponsorship Opportunity

Ector ISD is creating a Junior High and High School Booster Club to help increase opportunities for student engagement and recreation throughout the school year. Ector is small district and community, so funding and resources are limited!

With the addition of an HD video board in the gym, we now have the ability to advertise local businesses at our well- attended home volleyball and basketball games.

We hope that we can use this advertising option to secure sponsorships from local businesses to offer more for our high school and junior high school students.

We have a great group of students, teachers, and administrators at Ector ISD!

We would appreciate your consideration of sponsorship and thank you for supporting our students!

*It's a great day to be an Eagle!*
